Seychelles

Are you a SACLAP registered Landscape Architect who is both design and technically minded with a love for management/organization?

If you want to take the next step in your career with a senior leadership role, we look forward to meeting you.

We'd like to employ a **Landscape Architect (min 2 years of experience)** for our internationally recognised, award winning Landscape Architectural Firm based in Kyalami, Johannesburg.

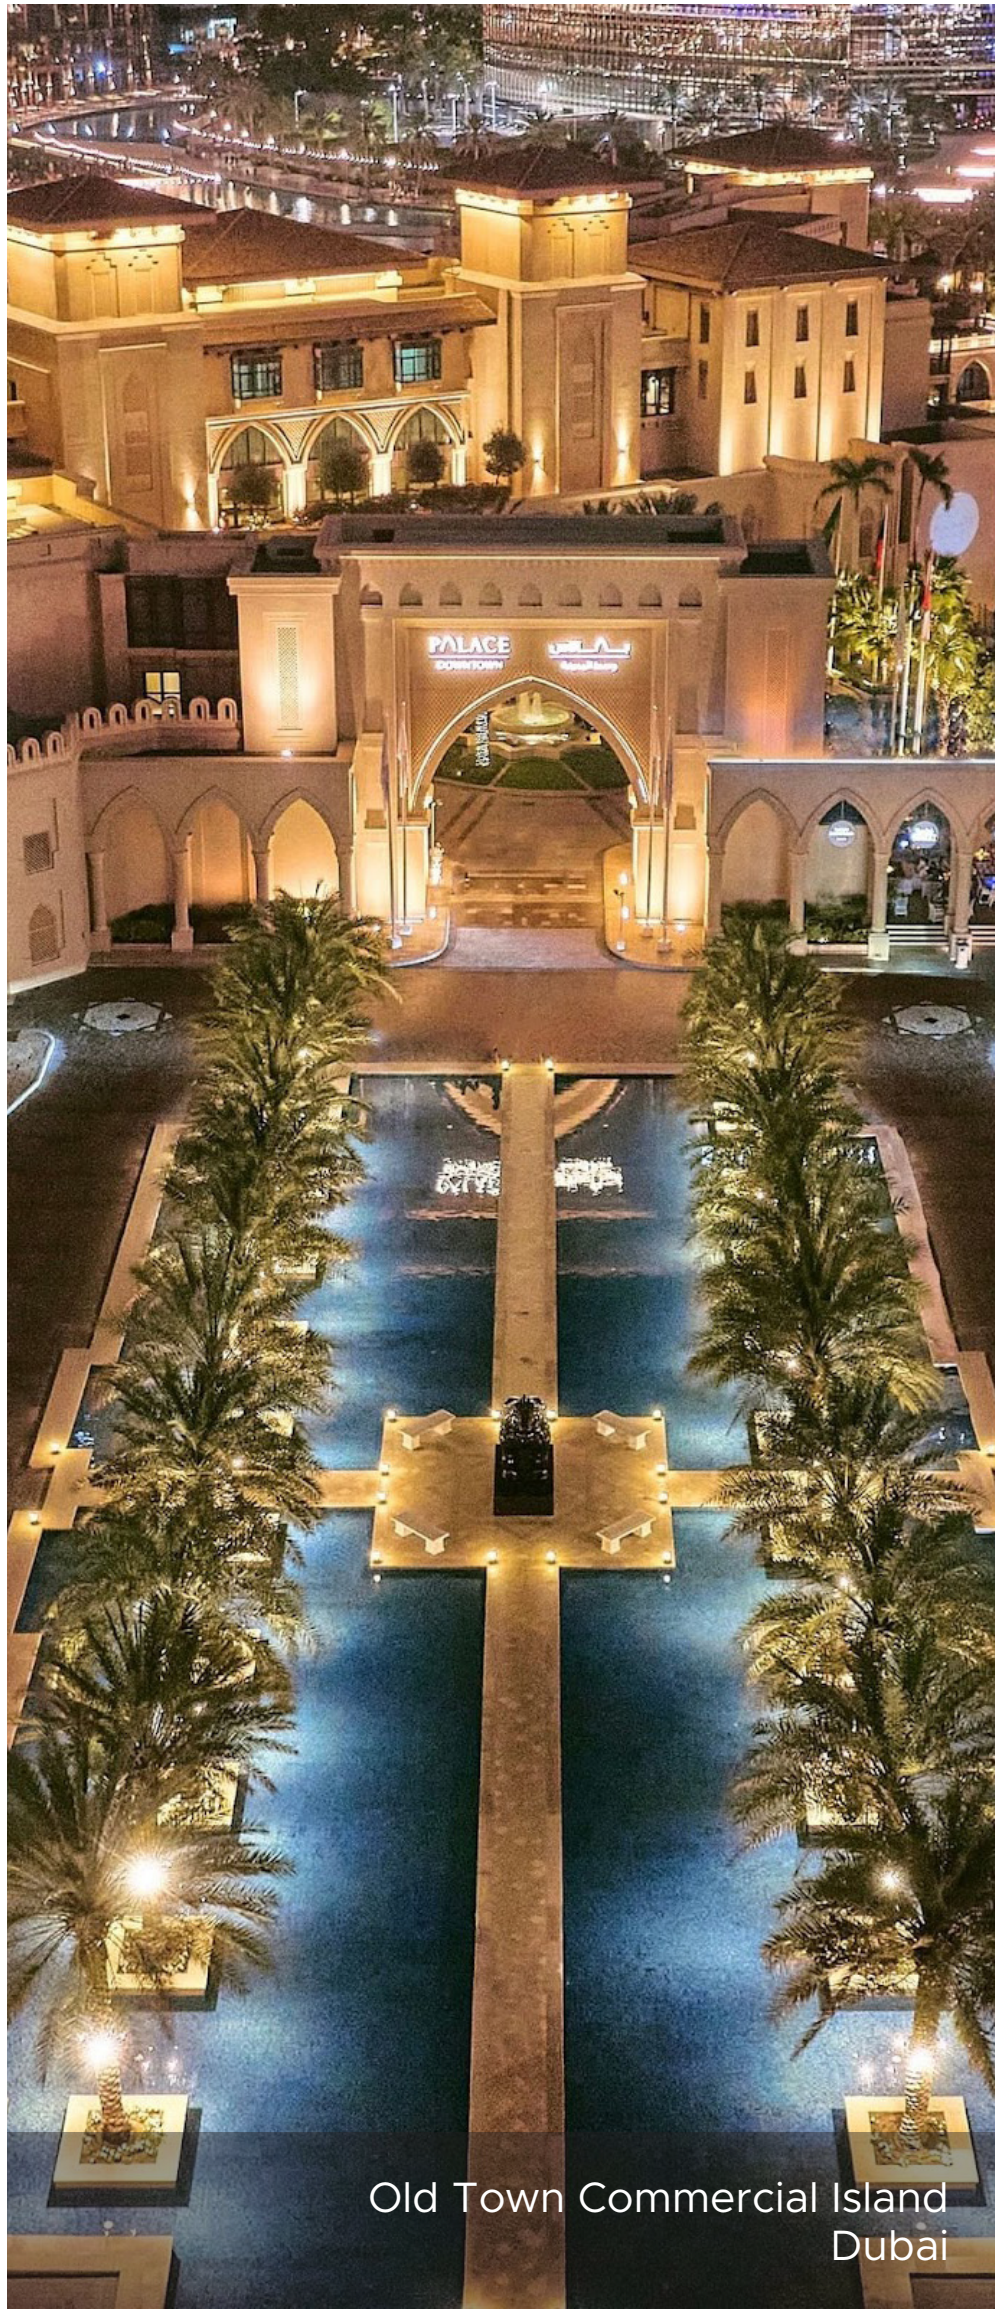

Landmark Studios as a company specialises in a range of international architectural projects from tourism and leisure to hospitality, commercial, retail and more. We are a dynamic firm working on projects from concept development and master planning, all the way through schematic design to issued construction drawings. We love developing client briefs and figuring out how to construct new and exciting elements proposed by our team of talented designers. We are a solution driven workplace.

We are looking for a **detail orientated individual** who can demonstrate a history of design and detailing, someone who is **technically minded and has graphic experience in landscape architecture**. We are known for our comprehensive and beautiful drawing packs.
